Overview of This Course

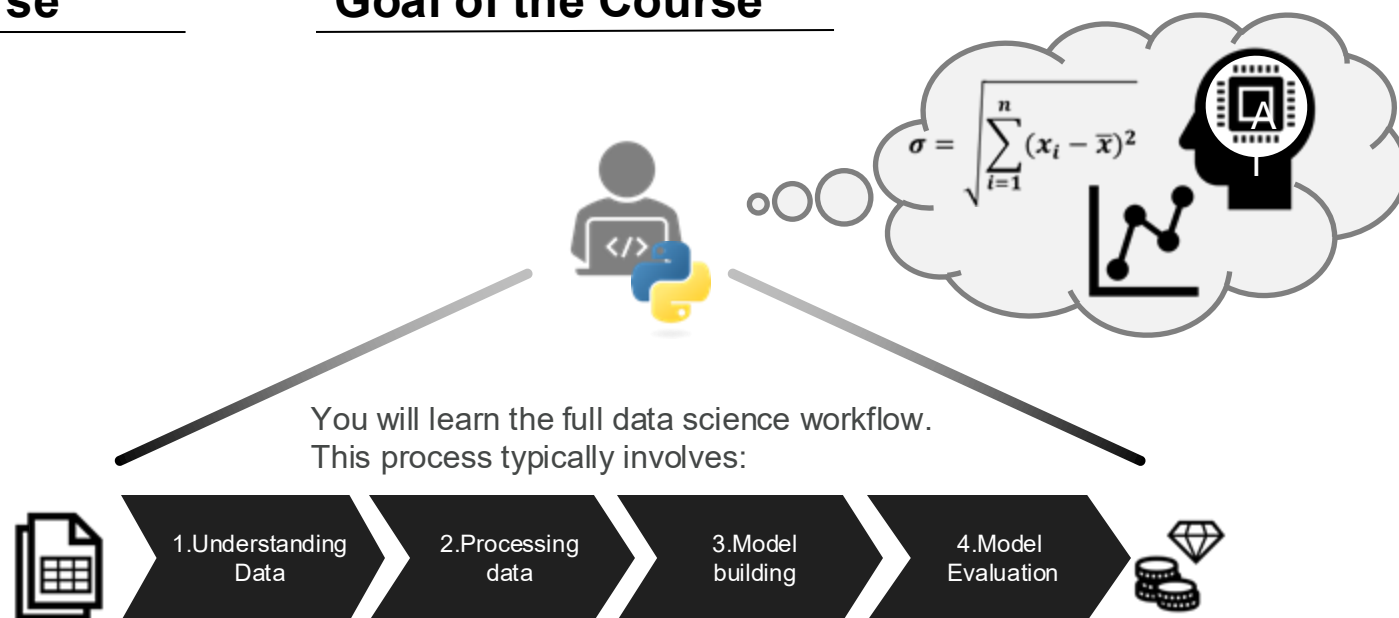

In this course, we will cover the overall flow of data science, Python, basic statistics, and machine learning. Our goal is to help you develop the mindset of a data scientist.

What You'll Learn in This Course

- What is Data Science?
- Basics of Python
- Basics of Statistics
- What Is Machine Learning?

Goal of the Course

- 1. What Is Data Science?**
- 2. Basics of Python**
- 3. Basics of Statistics**
- 4. What Is Machine Learning?**
- 5. Review**
- 6. Exercise: Regression**
- 7. Exercise: Classification**
